

# MANAGEMENT of TRAINING in ADDICTION MEDICINE for GENERAL PRACTITIONERS

Dr.med. Sebastian Pfaundler, Psy & Psy  
Soziale Dienste **SARGANS**erland

# 1<sup>st</sup>) STARTING-POINT and REQUIREMENT:

- addiction & addiction –“sicknesses“
- addiction-specialists and –professionals  
(*SSAM!*)
- so called *general* practitioners (gp's)
- $\Sigma$  : treatment-path = **TEAM!**

## **2<sup>nd</sup>) HYPOTHESIS:**

**No addiction-medicine  
without general practitioners!**

**3<sup>rd</sup>) →**

**a) engage our partners (gp's)**

**b) ↑ competence of partners**

## 4<sup>th</sup>) POSSIBLE INSTRUMENTS:

- training-facilities and –programms
- meetings and conferences
- ex- and interchange
- networking
- etc.

# 5<sup>th</sup>) OUR EXPERIENCES:

- national: *SARGANSERLÄNDER SUCHT-FACHTAGUNG*:  
few gp's
- regional: *round-table* meetings:  
many gp's (\* RELATION!\*)
- superregional: *FOSUMOS* (= *FORUM SUCHT-MEDIZIN OST SCHWEIZ*):  
in construction

6<sup>th</sup>) →

- questionnaire
- personally telephonic inquiry
  - No 1: alcoholism
  - way of conversation?
  - insight of patient?
  - motivation and intervention?

## 7<sup>th</sup>) RESULTS:

- development of **\*RELATION\***
- become acquainted ↑
- confidence ↑
- maintenance ↑
- $\Sigma$ : **COOPERATION** ↑↑

## 8<sup>th</sup>) FUTURE & TARGET:

- relation to gp's ↑
- *FOSUMOS, COROMA & Co* (hotline, manual, )
- → inquiry (SSAM):

**What do gp's want & need from us?**
